**A Message from your Bike/Hike
and Open Space Committee**

Bike/Hike & Open Space Update

The lower Fraser Canyon Trail, which begins at the log cabin, is being impacted by the development of Wranglers Crossing and will be re-routed. We are working on getting a map that will show the new route and will share once it's available. The current plan for the re-route will start at the west side of the Montana parking lot across the street from the ski lodge and uphill from the log cabin. The new trail route will follow the drainage to the north, across the dike, and will tie in to the

existing trail below the construction/silt fence. Completion of the re-route will take place once conditions have improved enough to allow work to be done. Until the re-route is complete, the lower part of the Fraser Canyon Trail is closed.

Part of the upper Fraser Canyon Trail was blocked with downed trees. The mountain team and developer staff has cut and moved the trees blocking the trail. The plan is to remove those trees completely once it has dried out enough to get equipment up there and we have staff availability.

Due to the excellent snow year we just had, there are still portions of the trails that are wet (some parts of the south valley have snow remaining on portions of trails). As a result, it would be best to keep foot and bike traffic off the trails until they have dried sufficiently, which may be a few more weeks given the significant rain the last couple of days.

Thank you,

- Bike/Hike & Open Space Committee

**Never Summer Senders
Grand County's Youth Climbing Team**

The Grand County Youth Climbing Team, Never Summer Senders, hopes to create a training and event environment that fosters a lifetime of passion for mountain sports in athletes of all ages and backgrounds. The Team is trying to

create a gathering space for climbers, build the energy and passion for climbing, and create a training environment for all ages and backgrounds.

Donations are being solicited in order to complete the public bouldering wall in the Town of Granby. The wall will be open to all abilities and also provide a practice facility for the Team to continue building technique, endurance, and strength. The bouldering wall will also facilitate programs for kids who would not normally get access to climbing.

The Never Summer Senders, a nonprofit group is spearheading the project and has fallen short of their goal by \$34,000 and are looking to meet a build schedule of summer 2023. Any donation amount will help complete the project.

For more information and donation information please contact Chris Michalowski at chris_michalowski@yahoo.com (970) 376-2974.

Save the Date!

Saturday, June 10th 8:00am to 12:00pm

In an effort to be good stewards of the beautiful surroundings we have here at Granby Ranch, the Bike/Hike & Open Space committee, in conjunction with the new Granby Ranch ownership team, is organizing the third annual Granby Ranch clean-up day on Saturday, June 10th, 2023. We are looking for volunteers to help clean-up our neighborhoods, trails, roads and open spaces from 8am – 12:00pm. We will be providing trash bags to volunteers as well as having a “roll-

off" trash container available. Afterwards, lunch will be provided for all volunteers at the Base Lodge Patio from 12:00pm-1:00pm

Trash bags can be picked up at the site of the "roll-off", located near the entrance of the base lodge parking lot. Please pick-up any trash along roads (in culverts), vacant lots, trails, open space... and place in trash bags. If items are too large/heavy for trash bags leave by the side of the road and they will be picked up. Place trash bags at the end of the street closest to Village/Lake Dr. and they will be picked up. Or bring trash bags to where the "roll-off" trash receptacle is located. Recyclable items (excluding glass) can be placed in the recycle bins at the Base Lodge.

In addition, any large trash items that you may personally need to dispose of can be placed in the "roll-off" container as long as they meet the following requirements: **No TV's, CPU's, Monitors, printers/faxes, laptop/tablets, DVD/VCRs, Radios, or Video game consoles. No Hazardous Waste or Toxic Waste. No Liquid Waste. No Refrigerators or Freezers. No Household chemicals. No Car batteries. No Petroleum Products. No Contaminated Soil.** You must bring your Granby Ranch homeowner pass in order to dispose of personal items.

If you are willing to volunteer, please email Tiffany Bliss at Ranch Hall with your name and neighborhood at: tbliss@granbyranch.com
