It is limited to 20 teams, and signups will end on July 25th.

The price is \$700 per two-person team. The event takes place on August 16th and 17th, with a practice round on the 15th. You can sign up in the pro shop or

by calling the shop at **970-557-4364**. It is a net format, but if you don't have a GHIN index, we will calculate one for you.

To reserve your spot, call the golf shop or email:

David Crosby at dcrosby@granbyranch.com.

"Nine and Dine"

Nine and Dine events take place on the 2nd and 4th Friday of each month, through September - there will be two in July.

For those of you who haven't played in these, it's much more about the dine than the nine! It's a fun evening event and a great way to meet fellow golfers. Menus for each event will be announced next week.

Season Long Handicapped Match Play

32 players, first round sometime in June.

Sweet 16 plays in July. Elite 8 in August. Final 4 and finals in September. Players schedule the matches. Handicap required.

Club Championship

This event will be based on interest. If there are enough interested golfers, it will be sometime over Labor Day weekend.

Homeowner Clinics

One clinic will be held on the first Sunday of every month (starting in June) at 10am. There will be a different focus for every clinic: driving, irons, short game, and putting.

There is no-charge to FBH and FBH Add-Ons.

A Message From Your Firewise Committee

The Granby Ranch Firewise Committee would like to notify homeowners that the Grand County Wildfire Council is sponsoring a training session on Friday, July 19th from 5-7 pm for Residents and Homeowners on "Insurance in a Wildfire Environment". Information on this event can be found on the Grand County Wildfire Council's website at: <https://bewildfireready.org/events/event-list/8-training-series-insurance-in-a-wildfire-environment>

A big part of being a Firewise Community is for homeowners and residents to **Be Wildfire Ready**. Personal responsibility for maintaining individual properties can go a long way in mitigating wildfire risk. As a reminder, the Firewise USA® Program emphasizes **3 Home Ignition Zones** for fire mitigation.

Zone 1 is 0-5 feet from the home.

Zone 2 is 5-30 feet from the home

Zone 3 is 30-100 feet from the home

The Grand County Wildfire Council's website <https://bewildfireready.org/> is an excellent resource for homeowners looking to mitigate wildfire risk to their property within the 3 ignition zones. The council has recently added defensible spaces tools to the website and homeowners can complete the **Defensible Space & Home Hardening Self-Assessment Survey** to determine a property's readiness for wildfire. The survey can be accessed at the following website:

<https://bewildfireready.org/defensible-space-tools/>

Residents interested in cleaning up their yards and disposing of combustible material can take advantage of the Grand County Community Chipping Days listed on the following website:

<https://bewildfireready.org/community-chipping-days/>

Remember, the steps you take now to mitigate wildfire risk to your individual property can determine the outcome for your home when a wildfire occurs.
